## Industry Leading Products & Features

### GATOR MULCHER®

#### The next generation of Oregon® mower blades

This new line of Gator Mulcher® blades combines the best of our Gator Mulcher® 3-in-1 blades with several popular Oregon® features and a thicker and wider steel stock (for longer blade life) into one long-lasting mowing and mulching package.

#### FEATURES

- Superior mulching
- Superior bagging
- Superior side discharge
- Superior longevity compared to existing Oregon® blades
- X-Tended Cutting Length™ — longer cutting edge
- Fusion® — Superior stay-sharp

### GATOR MULCHER®

#### OREGON® is the original manufacturer of Gator Mulcher® blades

Mow faster at higher speeds than traditional mulching blades, eliminates the need to bag in most cutting conditions, with excellent bagging performance when you need it – saving you time and money.

#### FEATURES

- Better mulching
- Better bagging
- Better discharge

### 

- The patented Fusion® process uses electrofusion technology to apply a tungsten carbide coating into the blade in a method that is designed to keep cutting edges sharper longer
- Delivers the same high quality of cut throughout the day without resharpening — available only from Oregon®

### 

- Improved cutting efficiency
- Up to twice the cutting length
- Cuts and delivers mulching effect

#### Oregon® Certified Quality

- OREGON® blades not only meet specifications, OREGON® blades often are the specification
- OREGON® consistently delivers quality mower blades through established manufacturing standards for 26 characteristics

#### Computerized Precision Straightening

- Superior straightness and consistency
- Removes human error
- Cleaner cut, especially on multi-blade decks
- Lower vibration – easier on the equipment and the operator

#### Consistent Blade Hardness

- Modified Marquench to extend blade life
- Improved stay-sharp
- Hardness from the core to the edge is consistent
- Increased hardness without increasing brittleness or failure

#### Statistical Process Control (SPC) Manufacturing

- SPC ensures the consistency and quality of OREGON® blades
- SPC ensures that all our standards for high performance and long blade life are met

#### Comprehensive Selection

- Find the mower blade you need in the printed OREGON® catalog or online at [oregonlookup.com](http://oregonlookup.com)
