

**STOP THE FRUSTRATION!**

## Quick Loading Head Saves Time and Hassle

Reintroducing

### Easy to Load & Remove Trimmer Line

Simply insert to load.

Just pull to remove.

- Fast, trouble-free loading every time.
- Push in trimmer line and go in just seconds.
- Accommodates many different trimmer line shapes offered today.
- Diamond-shaped eyelet is ideal for OREGON® Flexiblade™ or square trimmer line. Eyelet orients line's cutting edge in the direction of the cut.
- No more tangled spools or winding in the wrong direction.
- Uses 8" pre-cut line, .095" to .155" diameter.
- Fits most straight-shaft trimmers (additional adapters required for some curved-shaft models).

**Part #55-406-0**

**WARNING:** Serious injury can occur if this trimmer head is not installed and used according to instructions in the operator's manual for your trimmer. Injury to operators and bystanders can occur from the rotating head or flying debris. Wear eye, face, body and leg protection. Keep bystanders at least 50 ft (15 m) away. Do not operate without cutting shield in place.

**AVERTISSEMENT :** De graves blessures peuvent survenir si cette tête de coupe-bordures n'est pas installée ni utilisée conformément au guide d'utilisation du coupe-bordures. La tête rotative et les débris projetés peuvent entraîner des blessures aux opérateurs et aux personnes à proximité. Se protéger les yeux, le visage, le corps et les jambes. Garder les autres personnes à une distance d'au moins 50 pi. (15 m). Ne jamais utiliser lorsque le protecteur contre les pièces coupantes n'est pas installé.

**ADVERTENCIA:** Se pueden producir lesiones graves si esta cabeza de corte no se instala y se utiliza de acuerdo con las instrucciones del manual del operador de la podadora. Los operadores y las personas en las cercanías pueden sufrir lesiones producidas por la cabeza giratoria o por la expulsión de desechos. Utilice protección para los ojos, la cara, el cuerpo y las piernas. Mantenga alejadas a las personas a una distancia mínima de 50 pies (15 metros). Nunca haga funcionar la unidad sin tener correctamente instalado el escudo protector de la pieza cortante.
