

Magnum Gatorline™ Trimmer Line

Take the Magnum Gatorline™ family for a spin.

Magnum Gatorline™

- Excellent wear characteristics
- Consistent line diameter
- High resistance to abrasion, breakage and welding

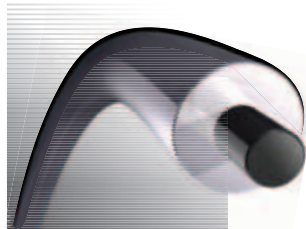

SuperTwist®

- Reduction in noise level compared with traditional round nylon lines
- Improved cutting efficiency
- Less resistance, reduced engine drag
- Reduced vibration

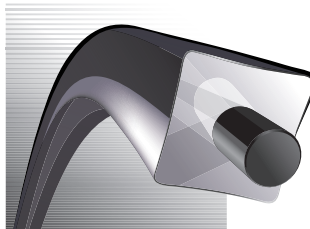

Magnum Gatorline™ is an engineered, co-extruded line.

The co-extrusion process incorporates a high-strength inner core with a weld-resistant outer layer for long-wearing characteristics. Magnum Gatorline™ comes in three shapes: round, square, and SuperTwist®.

IMPORTANT TRIMMER LINE INFORMATION

Any monofilament trimmer line can lose moisture over time or become brittle, especially if subjected to heat and sunlight. To reduce brittleness, OREGON® strongly recommends that line be submerged in water for 24 hours.
